About the Author

About Me

Kazuo Ishiguro is a British novelist, screenwriter, and short-story writer, widely regarded as one of the most celebrated contemporary authors. Born in Nagasaki, Japan, in 1954, he moved to England at the age of five. His works explore themes of memory, time, and self-delusion, often in restrained yet deeply emotional narratives.

🔥 Writing Style & Themes:

Ishiguro's novels often explore the **unreliable narrator** technique, with protagonists struggling to confront the past. His writing blends elements of **historical fiction**, **dystopian narratives**, and **psychological depth**.

🌟 Influence & Legacy:

His works have been adapted into award-winning films, including *The Remains of the Day* (1993) and *Never Let Me Go* (2010). His distinct narrative voice has influenced contemporary literature and storytelling.

The Remains of the Day (1989)

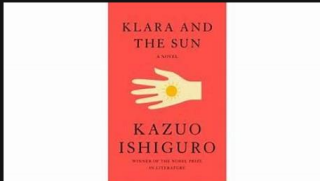

A deeply moving novel about an aging butler, Stevens, who reflects on his life of service in an English manor. Exploring themes of duty, regret, and lost opportunities, the novel won the **Booker Prize** and remains Ishiguro's most famous work.
